# About Us

We are a family owned Canterbury heating company that has been providing heating to Canterbury families for the past 11 years. We take pride in offering you the Rika and Champion ranges of pellet fires and a wide range of heat pump, air conditioning and ventilation solutions.

We developed this E-Guide to assist customers that were interested in our products but unable to visit our showroom during the Covid-19 pandemic.

We believe that the right heating choice will turn your house into a home.

Thank you so much for considering Energy to provide your heating solution.

Stay safe and stay warm.

---

Extremely Quiet

We offer the best in pellet fires with the Rika pellet fire range. Rika are manufactured in Austria.

### A RIKA PELLET FIRE HAS THE HEATING EXPERIENCE OF A WOOD FIRE WITH THE CONVENIENCE OF WOOD PELLETS

*Rika Voice Control option*

Rika pellet fires are radiant (they don't have the convection fan), very quiet and very, very stylish. You can view the range at our website or in our Rika Pellet Fires brochure. We have some **Showroom Exclusive Deals** that we can offer you. We highlight these further on in the brochure.
